

Illinois Fire Inspectors Association

Serving the Illinois Fire Service Since 1967

The Illinois Fire Inspectors Association (IFIA) is a fire prevention leader in the State of Illinois. We are a “Not for Profit” registered 501(c)(3) corporation and serve as the link between its members and statewide and national fire prevention activities. Our membership is made up of fire departments and industry stakeholders from throughout the State that share a common mission of saving lives and property from the perils of fire. In fact, our membership is growing stronger with the addition of the Will County and Central Illinois Fire Inspector Chapters.

Is your department a member of our organization? The annual cost is only \$100 per department and allows all your personnel to have access to the following.

- Monthly training, annual conference and OSFM certifications at a reduced cost. Most training sessions meet OSFM and ICC Preferred Provider criteria for certification renewal.
- Access to prompt legislative information that can affect your organization and community.
- Participation in committees for membership training, code development and public education.
- Access to subject matter experts using the on-line “ask the expert” function.

The \$100 cost of being an IFIA member is necessary to stay abreast of state-wide fire and life safety issues. Your IFIA membership helps in offsetting these costs.

If you want to be a member, signing up is easy. Visit our website at www.illinoisfireinspectors.org. In the members tab is an application to complete.

If you have questions regarding our organization or being a member, you can contact us at ifi-fire@illinoisfireinspectors.org or give us a call at 224-387-3340.

Your voice and support are vital to our mission. Become a member today and help shape the future of fire prevention in Illinois.

Thank you for considering this opportunity to partner with us. We look forward to welcoming your organization to the IFIA.

Respectfully,

The IFIA Board of Directors
