

FIRE & LIFE SAFETY PLAN REVIEW

Come join us for great learning opportunities while earning CEUs. Our classes are designed for those working in the industry, including municipal inspectors, fire inspectors, and code professionals

"Fire & Life Safety Plan Review"

This class is required to obtain the Illinois OSFM Advanced Fire Prevention Officer Certification

A five-day course utilizing the Federal Emergency Management Association (FEMA) program structured specifically for fire prevention personnel, this interactive class will include identification and examination of the FEMA course objectives 1-20 as they correspond to municipal codes, standards, and plan reviews, the interpretation and evaluation of code requirements and plans in compliance with fire and safety standards, plan and code familiarity in reference to fire and life safety through discussion, and kinetic examples of plan review and applicable construction documentation. Students will also analyze and interpret applicable sections of the International Building Code® and the International Fire Code®. This class meets the requirement for the Plan Review portion of the Fire Inspector II certification.

Discounted Rate for IFIA Members - \$705 / Non-members \$800.00

Prerequisites

1. Certification as an Inspector or 5 years of documented building or fire inspection experience.
2. The course now includes a required practicum. The student will have to complete and submit a report on an assigned building project.

3. A certificate of completion will not be discussed until the final exam and the practicum project are submitted and reviewed.

Required Text: Locally-enforced Building & Fire Codes with local Amendments, and NFPA 101, if applicable.

The course will be held at Lockport Township Fire District Station #6

19623 W. Renwick Road, Lockport IL 60446

Hour 9 am - 4 pm

Coffee and rolls in the morning

Lunch on your own

Bring a copy of your local code

Richard A. Piccolo, MCP will be the primary instructor for the series.
