

Fire Power (Example for Anticipatory Set)

Watch the movie and record the elapsed time for each of the following

How many minutes did it take before the smoke alarm went off?

How hot did it finally get in this fire?

How many minutes could you have survived in the children's bedroom?

How hot did it get in the room with the door closed?

What did the most damage upstairs?
(heat, smoke, or fire)

Fire Power (Example for Anticipatory Set)
